## हुआ सवेरा

जमीन पर फिर अदब से आकाश  
अपने सर को झुका रहा है  
कि बच्चे स्कूल जा रहे है

नदी में स्नान करके सूरज  
सुनहरी मलमल की पगड़ी बांधे  
सड़क किनारे  
खड़ा हुआ मुस्कुरा रहा है  
कि बच्चे स्कूल जा रहे है

हवाएं सरसब्ज डालियों में  
दुआओं के गीत गा रही हैं  
महकते फूलों की लोरियां  
सोते हुए रास्तों को जगा रही है  
घनेरा पीपल  
गली के कोने से हाथ अपना हिला रहा है  
कि बच्चे स्कूल जा रहे है

फरिश्ते निकले हैं रोशनी से  
हरेक रास्ता चमक रहा है  
ये वक्त वो है  
जमी का हर ज़रा  
माँ के दिल सा धड़क रहा है  
पुरानी एक छत पे वक्त बैठा  
कबूतरों को उड़ा रहा है  
कि बच्चे स्कूल जा रहे है

## VANDE MATARAM

*Mother, I salute thee!  
Rich with thy hurrying streams,  
bright with orchard gleams,  
Cool with thy winds of delight,  
Green fields waving Mother of might,  
Mother free.*

*Glory of moonlight dreams,  
Over thy branches and lordly streams,  
Clad in thy blossoming trees,  
Mother, giver of ease  
Laughing low and sweet!  
Mother I kiss thy feet,  
Speaker sweet and low!  
Mother, to thee I bow.*

*Who hath said thou art weak in thy lands  
When swords flash out in seventy million  
hands  
And seventy million voices roar  
Thy dreadful name from shore to shore?  
With many strengths who art mighty and  
stored,  
To thee I call Mother and Lord!  
Thou who saves, arise and save!  
To her I cry who ever her foe drove  
Back from plain and sea  
And shook herself free.*

*Thou art wisdom, thou art law,  
Thou art heart, our soul, our breath  
Though art love divine, the awe  
In our hearts that conquers death.  
Thine the strength that nerves the arm,  
Thine the beauty, thine the charm.  
Every image made divine  
In our temples is but thine.*

*Thou art Durga, Lady and Queen,  
With her hands that strike and her  
swords of sheen,  
Thou art Lakshmi lotus-throned,  
And the Muse a hundred-tone,  
Pure and perfect without peer;  
Mother lend thine ear,  
Rich with thy hurrying streams,  
Bright with thy orchard gleams,  
Dark of hue O candid-fair*

*In thy soul, with jewelled hair  
And thy glorious smile divine,  
Loveliest of all earthly lands,  
Showering wealth from well-stored  
hands!  
Mother, mother mine!  
Mother sweet, I bow to thee,  
Mother great and free!*

## कोशिश करने वालों की कभी हार नहीं होती

लहरों से डर कर नौका पार नहीं होती,  
कोशिश करने वालों की कभी हार नहीं होती।

नन्हीं चींटी जब दाना लेकर चलती है,  
चढ़ती दीवारों पर, सौ बार फिसलती है।  
मन का विश्वास रंगों से साहस भरता है,  
चढ़कर गिरना, गिरकर चढ़ना न अखरता है।  
आखिर उसकी मेहनत बेकार नहीं होती,  
कोशिश करने वालों की कभी हार नहीं होती।

डुबकियां सिंधु में गोताखोर लगाता हैं,  
जब जा कर खाली हाथ लौटकर आता है।  
मिलते नहीं सहज ही मोती गहरे पानी में,  
बढ़ता दुगना उत्साह इसी हैरानी में।  
मुट्ठी उसकी खाली हर बार नहीं होती,  
कोशिश करने वालों की कभी हार नहीं होती।

असफलता एक चुनौती है, इसे स्वीकार करो,  
क्या कमी रह गई, देखो और सुधार करो।  
जब तक न सफल हो, नींद चैन को त्यागो तुम,  
संघर्ष का मैदान छोड़ कर मत भागो तुम।  
कुछ किये बिना ही जय जय कार नहीं होती,  
कोशिश करने वालों की कभी हार नहीं होती।

– हरिवंशराय बच्चन

## WE ARE THE WORLD

**[Chorus]**

*We are the world, We are the children  
We are the ones who make a brighter day  
So let's start giving  
There's a choice we're making  
We're saving our own lives  
It's true we'll make a better day  
Just you and me*

*Send them your heart  
So they 'll know that someone cares  
And their lives will be stronger and free  
As God has shown us by turning stones to bread  
So we all must lend a helping hand*

*When you're down and out, there seems no hope at all  
But if you just believe there's no way we can fall  
Well, well, well, well let us realize  
That a change can only come  
When we stand together as one*

*“There is only one thing that makes a dream impossible to achieve:  
the fear of failure.”*

## DESIDERATA

*Go placidly amid the noise and haste,  
and remember what peace there may be in silence.  
As far as possible without surrender  
be on good terms with all persons.  
Speak your truth quietly and clearly;  
and listen to others,  
even the dull and the ignorant;  
they too have their story.  
If you compare yourself with others,  
you may become vain and bitter;  
for always there will be greater and lesser persons than yourself.  
Enjoy your achievements as well as your plans.  
Keep interested in your own career, however humble;  
it is a real possession in the changing fortunes of time.  
Many fears are born of fatigue and loneliness.  
Beyond a wholesome discipline,  
be gentle with yourself.  
You are a child of the universe,  
no less than the trees and the stars;  
Be cheerful.  
Strive to be happy.*

*“Tenderness and kindness are not signs of weakness and despair, but manifestations of strength and resolution.”*

## हम होंगे कामयाब

हम होंगे कामयाब, हम होंगे कामयाब  
हम होंगे कामयाब एक दिन  
हो हो मन में है विश्वास, पूरा है विश्वास  
हम होंगे कामयाब एक दिन

हम चलेंगे साथ साथ  
डाले हाथों में हाथ  
हम चलेंगे साथ साथ एक दिन  
हो हो मन में है विश्वास, पूरा है विश्वास  
हम चलेंगे साथ साथ एक दिन

होगी शान्ति चारों ओर  
होगी शान्ति चारों ओर एक दिन  
हो हो मन में है विश्वास, पूरा है विश्वास  
होगी शान्ति चारों ओर एक दिन

नहीं भय किसी का आज  
नहीं डर किसी का आज के दिन  
हो हो मन में है विश्वास, पूरा है विश्वास

## STUDENT SERVICES - COUNSELLING AND GUIDANCE

Our Counselling and Guidance Services stress the individual uniqueness of students and is based on the belief that all students should be directed to a level of self-actualization. The scope of the services is preventive and proactive in focus and developmental in content and process. 'Developmental Counselling' and 'Crisis Intervention' are the two main components of the services.

The Guidance and Counselling Cell anticipates the challenges in the students' lives and assists them in gaining maturity. The underlying focus of the programme is to help students develop the skill, attitude and knowledge base they need for the success of their academic and personal endeavours.

Special support is provided to students who may experience learning difficulties so that their special educational needs (within the limits of mild and the moderate zone) are met.

At least 2 workshops on 'adolescence' are conducted for the students by paediatric experts to enable students to deal with their own physiological growth.

All teachers at ITM Global School are given basic primary training for the counselling and guidance.

*“God grant me the serenity to accept the things that I cannot change, the courage to change the things I can and the wisdom to know the difference”*

## BEHAVIOUR MANAGEMENT

Behaviour management techniques usually include encouragement, praise and positive reinforcement. Opportunities are provided to a student to gain self-control and reliance and to respond positively to others in a social setting. Acceptable and proper behaviour is described through stories so that students associate themselves with the characters and thus understand that their behaviour needs to improve. This does not destroy self-esteem and promotes acceptable social interaction with peers as well as adults. A positive proactive approach which includes prevention, redirection and praise is the preferred intervention model. Various financial penalties are also in place if the child does not respond to the above methods. The concept of community service is also in place in the school for students who continue to be in the defaulters list. Temporary suspension from school will be imposed on regular defaulters (more than 3 times) in case of a very serious misconduct, this may lead to rustication after proper enquiry is constituted.

## HOW TO LEARN EFFICIENTLY

Today, everybody is a student. The expansion and updating of knowledge makes all of us life-long learners. Here are few tips for studying more effectively.

### 1. Keep yourself fit both physically and temperamentally.

- Get sufficient sleep. Most of us need about seven hours sleep.
- Do vigorous exercise daily for at least an hour.
- Take time daily to do something that you genuinely enjoy such as painting, working with tools, music, poetry etc.

### 2. Have a regular place for studying

- Fix up a study table for yourself. Use a chair with a straight backrest. Only keep items which are being used on the table to avoid unnecessary overcrowding of table top.
- For light reading, you could use another chair placed in a quiet place.

### 3. Work out a time-schedule and follow it.

### 4. Increase motivation by recalling your goals.

- Set up goals for yourselves to drive your efforts.
- Remind yourselves continually to achieve your short term goals keeping the long term goals at the back of your mind.

Your learning will not be substantial if your goals are not clear.

**We discourage the concept of extra tuition at home as it confuses the child even more because the teaching methodology at school is different, better and in sync with latest pedagogies.**

*“A person is known by the company one keeps”.*

## HOW TO ORGANIZE YOUR TIME FOR LEARNING

If you can learn to manage your time, you acquire lifelong managerial skill. There are four key points in time management.

### 1. Right Size of Time Unit:

Work psychologists tell us that people get their best work done by working intensively for a reasonable period of time, then resting or switching over to something else. Shovelling sand might mean 15 minutes of work and then a pause. Managers might use 90 minute units in their schedules. For study 60 minutes seems to be a good unit.

### 2. Right Amount of Time:

- a. Recall your goals and abilities, and decide how much time you wish to assign to each activity.
- b. If you are a student, 24 hours of study a week is probably more than enough to achieve your academic goals. Increasing study time to 35 or 40 hours does not guarantee better results. In most cases, the opposite may happen
- c. The pay off in studying requires concentration and interest.

### 3. Right Distribution of Time Units:

- a. Spread out your subjects strategically. Generally, six single hours on consecutive days are better than six consecutive hours on the same day.
- b. Do assigned reading just before the class.

### 4. Right Sequence Order:

- a. Subjects like mathematics must be studied daily. Miss a point and you tend to lag behind
- b. Study tough demanding subjects when you are at your most alert stage in the day.

*“If you count all your assets, you always show a profit”.*

## OUR HOUSES

Fire	Luminous Orange
Earth	Prosperous Green
Water	Serene Blue
Air	Pure White
Sky	Light Blue

Way long before Einstein and Newton came into existence, a theory came that promised to describe the structure of the universe. The theory of the five classical elements - Air, Earth, Fire, Sky or Water. Although many forms of this theory existed due to the presence of different civilizations i.e. different ideologies, most of them stated the same thing but in different languages. Translated from a summary of different forms of the theory, the final conclusion defines the five elements as: Air, Earth, Fire, Sky, Water where Air is defined as Zero or Space.

ITM Global firmly believes in the theory of the five elements and that's the reason why names of our houses are based on the five elements. Not only the names but the quality of each house also defines itself differently from its competitors, explaining the reasons for its name.

First comes the Air House. At times calm but sometimes too strong for anyone to take control.

It's one of the most unpredictable House in the school meaning that it's impossible to actually know what is going to be there next move. It has been long led by leaders who have achieved major achievements in sport. The symbolic logo of the air house defines it, the wind's unpredictable speed and the transparency for the members of the House. It has been one of the houses that knew how to recover and soon became one of the houses that were accounted as the best.

Next is the Earth House. The house that carries its members always with itself, and does its best to make the house members as perfect as possible. The house members try their best to keep their house on No. 1. The speciality about this house is not the ability to control its members but the speciality of the leaders that have led it. The house has been led by leaders who had achieved various achievements in all fields, sometimes Academic and sometimes Sportive. Just like the planet Earth, it's one of the most well managed houses, knowing how to control its members.

Third is the iconic Fire house. One of the most talked houses in the ITM Global community. The real thing is that Fire House is both helpful in various circumstances and one of the most energetic houses in the committee. The house has been really supportive to all other houses and is also good in all fields. At times this house has always motivated other houses and the house leaders have always been friendly and cooperative to not only the members of the house but to other houses too.

Fourth is the Sky House. Just like the night sky, the house is full of stars. People who are beyond the imagination. The House leaders have always possessed different qualities than each other, just like stars which might look identical are always different. This has what made the house so strong in different fields. The house has achieved major achievements in both activities and sports. It's the house whose artworks are beyond normal imagination.

Last is the Water House. Just like the speed of Air, water's speed is also unpredictable. Sometimes silent and calm, lifeline of all human beings, and sometimes so fast and sharp that can even cut mountains. What makes water house different from other houses is it's all round achievements. The serene blue color of the house defines the invisibility of the house, often symbolizing the deepness of the house and the secrecy of the house. The house has been long led by leaders with achievements in both sports and academics.

## *For Parents of Students in Pre-Primary Section*

Pre-primary School is the first step in your child's education. As a partner with parents in this responsibility, ITM Global School believes that the Pre-primary School should be an enjoyable and memorable experience for children.

### **We believe that:**

- Every child comes to school ready to learn.
- Pre-primary schooling includes academic achievements with social preparation which is essential for helping the children to become well-adjusted, happy and secure in their daily life.
- Pre-primary School gives the faculty the opportunity to determine the social, emotional, physical and intellectual needs of every child and to provide a nurturing environment to meet these needs.
- A well-run program is important in order to provide the children with the fundamental skills and essential knowledge that they need to become successful students when they graduate to Primary section.
- The parents are an integral part of the educational planning for their children.
- The role of the parents in day-to-day education of their children cannot be underestimated. Parents are encouraged to ensure that their children are well-rested, properly equipped for school, on-time, prepared and ready to learn.
- A good school needs professional teachers and parents who are keenly interested in quality education as our goal is to have happy, alert and healthy children who are eager to learn and achieve.
- It is our responsibility to serve our children, our parents and our community in a courteous, safe, effective and efficient manner.

## *Few Tips On Parenting*

- Involve your children in daily house-hold chores and encourage them to ask questions.
- Encourage your children to take decisions for solving little problems independently and to learn from mistakes. This will enable the children to understand that mistakes are part and parcel of our day to day work.
- Children enjoy different things and we should encourage them to explore these areas.
- All like winning and whenever you play with your children, let them win at times so that they experience the pleasure and pride in doing well. Inculcate the concept of a fair game!
- Share your good experiences with them and listen to their fairy tale stories and simple illustrations with interest. It creates wonderful bonding.
- Let your children take measured risks. As a parent, one tends to be overprotective. This is to be avoided at times.
- Let your children explain parts of their lessons or probably their simple ways at solutions to family issues. This will help them develop sequencing of their thoughts and will also make them understand "why" and "why not".
- If your child is enjoying something and having fun playing (and maybe you are not), let him/her be. The children need to live their age.
- Your children are unique individuals with their own strengths and limitations. Avoid comparisons and give your children the opportunities to develop their potential to the fullest.

**SCHOOL – PARENT PARTNERSHIP**

- The school values parents' inputs and suggestions and encourages their participation in school functions. It is the school's endeavour to maintain an effective two-way communication wherein all concerns related to a child's education are addressed in a timely manner. The efforts are therefore focussed on building up a strong, stable and supportive 'school – parent' relationship.
- The school is active in providing • developmental workshops • opportunities for interaction with famous people from all spheres • regular health checks • educational trips • sponsored participation in Inter-school events • specialized coaching in sports • International curriculum along with CBSE and a world class educational infrastructure to our students. No stone is left unturned while taking care of the students during their time at the school.
- It is therefore expected of parents to support the school in the following areas:
- Ensure regular follow-up at home on work done by their child at school.
- Acknowledge the SMS, circulars and notices from the school by paying heed to the details.
- Ensure that the child is dressed smartly in clean and proper uniform for school.
- Keep the school informed about changes in contact numbers, addresses, etc.
- Submit all student related documents for school/DEO Offices – SSSMID details, Address and ID proof, Adhar Card, Caste certificate (where applicable), etc.
- Inform the school well in time of withdrawal of their children (at least a month in advance) due to transfers, relocations or any other reason. If a parent fails to do so then the next quarter fee will be charged as per the withdrawal policy of the School.
- Keep in regular touch with school authorities so that even the smallest of concerns can be addressed in a timely manner.
- Provide feedback, suggestions and inputs for school development.
- Make the fee payments as per schedule to support school programmes and avoid any mutual inconvenience.
- Parents must acknowledge the Almanac on daily basis.

**Fees and late fee charges** – School fees must be paid on time (in advance) as per schedule given below:

**1st quarter fee – by 15th April      2nd quarter fee – by 10th August**  
**3rd quarter fee – by 10th November      4th quarter fee – by 10th February**

There would be late fee charges amounting upto 10% of the unpaid fee.

10% rebate is given when full fee is paid at one time before start of session or by 15th April. **For grade 10th and 12th fourth quarter fee must be paid latest by 30 January.**

*“Time and tide never wait for anyone”.*

**NEW ACADEMIC YEAR 2020 – 2021**

**Academic Session has been divided into two terms.**

First Term (from April to September) and Second Term (from October to March).

**CAMBRIDGE (NURSERY, KG) AND CBSE (PLAY GROUP- GRADE U.K.G.)  
(ASSESSMENT) 2020-21**

Preschool Education is important and beneficial for any child attending school because it gives the child a head start through Social Interactions. Through Cognitive, Psychosocial and Physical Developments based learning a child in preschool will learn about their Environment and how to Verbal Communicate with others. Children who attend Preschool learn how the world works around them through play and communication.

Pre-Primary Section will have Formative Assessments, no Unit Tests. Only Play Way method will be incorporated. Formative Assessments in Pre Primary are based on activities, worksheets and orals which the child performs daily at school. We judge our students on their daily assignments.

## My Senses

I can **hear** the birds sing,  
The dogs bark, the cat miaow,  
I can hear the phone ring,  
I can hear YOU!

I can **see** the grass grow,  
The bright stars, the yellow moon,  
I can see the white snow,  
I can see YOU!

I can **smell** the roast meat,  
The fresh bread, the pretty flowers,  
I can smell your dirty feet,  
I can smell YOU!

I can **touch** the soft grass,  
The cold ice, the wet rain,  
I can touch the smooth glass,  
I can touch YOU!

I can **taste** the crispy apple,  
The chocolate bar, the cream cake,  
I can taste the fresh pineapple,  
I can taste YOU!
